

ABS Jets

A company-wide passion for service that makes you feel welcome

ABS Jets is an award winning, world-class, executive jet operator based at Prague Ruzyně Airport and Bratislava Airport.

ABS Jets offers a comprehensive range of services including Aircraft Charter, Brokerage, Management, Maintenance, Executive Handling, Sales, Flight Planning, Consulting Services and Travel Management. ABS Jets operates a fleet of executive aircraft ranging from light jets through super midsize to heavy jets, together with one of world's largest fleets of Embraer Legacy aircraft. Almost 200 fully trained employees deliver top quality services with the flexibility of a dedicated 24/7 operation. ABS Jets is ready to give an immediate response to any business or personal service request.

The ABS Jets FBO facility at Prague Ruzyně Airport was opened in 2008, since the opening we have achieved a significant market share by providing a wide range of services including hangarage. By offering 3500sqm hangar area in Hangar C and 6000sqm hangar area in brand new Hangar N, ABS Jets Executive Handling has one of the largest hangarage capacities in the CEE region.

All of our efforts are focused on providing tailor-made solutions and the best passenger and crew amenities. One of our dedicated agents will handle your task from start to finish to absolutely meet all your expectations. We strongly believe communication is paramount in producing the ultimate experience for our clients.

Our regularly trained ground handling staff understand the importance of ensuring that your journey is as smooth as possible. Our executive handling service for example is notable by the fact that ABS Jets has been selected as the Universal Weather & Aviation, Jetex and UAS preferred vendor for the Czech Republic & Slovakia, as well as being EBAA approved handling agents. ABS Jets also ensures the absolute security and confidentiality of our customers at all times.

- ABS Jets Executive Handling can handle all types of Aircraft from a very light jet to a Boeing 747
- Our services are compliant with all applicable EASA and ICAO regulations
- Compliance with adequate insurance liability is also assured
