

ACM Air Charter

A brand new Global Express XRS has been added to the ACM ultra-long-haul fleet for 2012

ACM Air Charter offers a complete portfolio of services in the area of business aviation; Aircraft Management, Charter Services, Line and base Maintenance, as well as

handling at our home base Airport Karlsruhe/Baden-Baden.

Our diversified fleet of mid-size, heavy and ultra long haul jets guarantees maximum flexibility to meet all kinds of individual customer requirements in terms of range, space and service.

The FAR-129 Foreign Air Carrier Permit allows unlimited flight operations to and from the USA, including the Visa Waiver Program benefits for passengers on board.

With the new Global Express XRS ACM Air Charter now offers a state of the art cabin entertainment system with the fastest Internet access.

Highly coveted certifications reflect and demonstrate our strong commitment to safety: ACM Air Charter is an IS-BAO registered operator, certified by the International Business Aviation Council, maintains an ARG/US Platinum and Wyvern Safety Rating.
