

# Doysa Air

The World is within your reach

Doysa Air serves in accordance with the speedy and flexible air-taxi transportation requirements of the present-day business world.

Thus we plan your flight entirely by taking into consideration your needs and requirements.

We fly to any destination in the world... You may arrange your own program. We are at your service with our aircraft including a Challenger 605 and a Gulfstream G450.

The 2008 model Challenger 605 aircraft which is manufactured by Bombardier (Canada) features a flight range of 7,000 km. The new G450 Aircraft which is manufactured by Gulfstream Aerospace (USA) features a flight range of 8,000 km.

Let yourself arrive at any destination while watching a DVD in a comfortable and spacious environment.

Our highly experienced, well trained staff members and flight crew, with their superior aviation understanding, is at your disposal 24 hours a day for your domestic and international flights.
