MJETS provides luxurious executive aviation services through a professional team in Thailand

We own and operate two types of executive jets –The Cessna Citation CJ3 and The Cessna Citation X. These superb categories of aircraft enable us to provide excellent non-scheduled professionally recognized top of the range charter services.

It is the uncompromised ethos of our company to deliver the highest international standards of safety and exceptional personalized services. We pay attention to requirements and details along with a unique Thai hospitality and commitment to maximum client satisfaction.

The Cessna Citation CJ3 (Year 2006) is a perfectly formed light jet aircraft with a comfortable capacity of 6 passengers. This desirable size of aircraft capitalizes on its versatility by enabling access to a wide variety of airports, yet is impressively capable of 4 hours non-stop flight. For this class of aircraft we are currently charging an attractive basic flight hourly rate of \$3,500 USD per hour.

The Cessna Citation X (Year 2009) is one of the fastest business jet aircraft available. It has a spacious cabin that can comfortably accommodate 8 passengers and has become the most preferred mid-range business jet in the market. As a guideline, flying from Bangkok to Tokyo non-stop with this outstanding aircraft will cost only \$6,950 USD per hour.

MJETS is authorized by Airports of Thailand PCL to exclusively operate the first Private Jet Terminal and FBO facilities in Thailand at Bangkok's Don Mueang International Airport (VTBD).

Our Private Jet Terminal provides a full range of executive services to our customers including; Executive Passenger Lounge, Crew Lounge, Shower Facilities and Business Centre.
